Local host:  THE OHIO STATE UNIVERSITY

Campus FM Technology Association

2018 Annual Conference

July 31st - August 3rd

at the Marriott Columbus University Area Hotel

WHO WE ARE

The identity of the Campus FM Technology Association exists in the combined talent and experience of its members and their willingness to use their knowledge to serve one another through sharing and collaboration. The unique character of the Association lies in its focus on the development and application of the tools of technology across multiple disciplines for the planning, development, maintenance, and management of campus facilities. It is our mission to serve our members and society at large by facilitating the success of our constituents.

CFTA CONFERENCE

The CFTA Annual Conference brings together a broad range of professionals who develop, support, manage and use a wide range of technologies to plan, build, and manage their campus facilities. The conference includes participation from technicians and administrators from all professional and technical levels of attending organizations, allowing conference attendees the unique opportunity to collaborate and build common visions among campus leaders and their staff.
